## INNOVATION & HIGH TECHNICAL PERFORMANCE

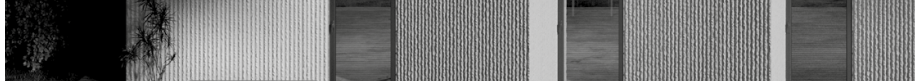

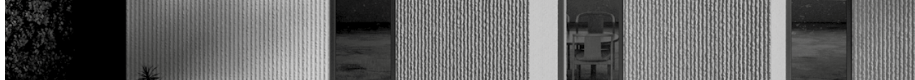

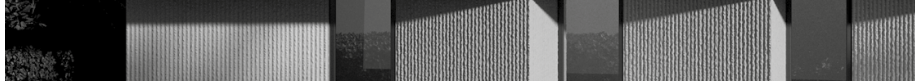

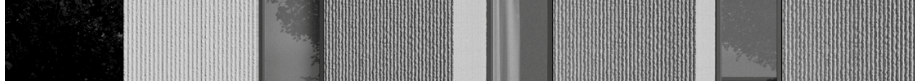

technical and quality standards established in the different markets, using the latest technology and a selection of the highest quality raw materials in order to offer aesthetics and beauty as well as a wide variety of designs.

It provides high technical performance in terms of resistance to breakage, frost and sudden changes in temperature, as well as resistance to bending under fixed and static loads, low maintenance, easy installation, resistance to stains, customization and modularity and durability over time.

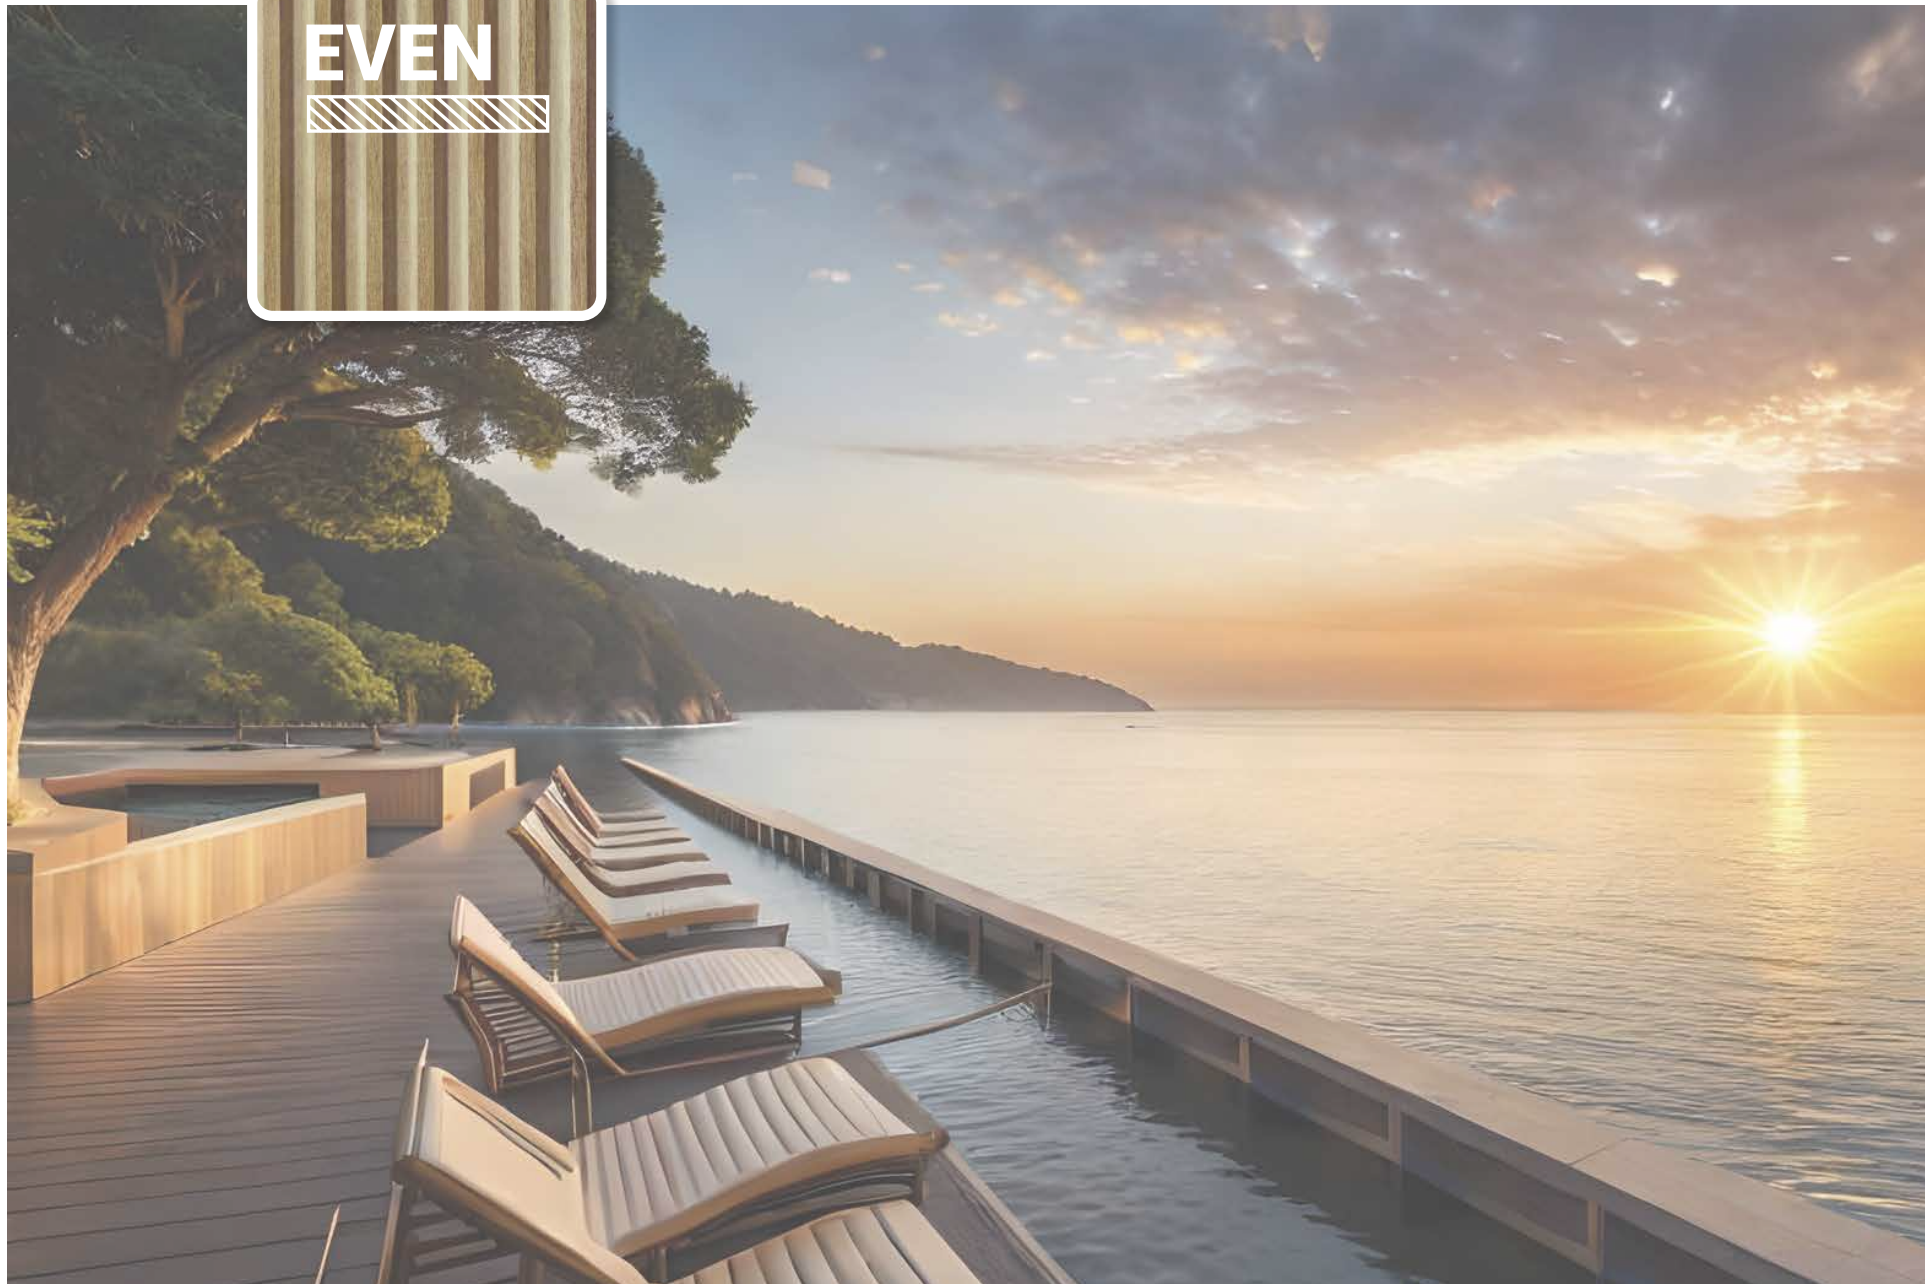

## USES & APPLICATIONS

ideal for any public or private area requiring high technical performance: high spaces, building facades, sidewalks, public squares, neighborhood communities (walls & facades), hotels, elderly nursing homes, shopping malls, train, subway and bus stations, airport facilities and all indoor areas you can imagine.

 AIRPORTS AEROPUERTOS	 RESTAURANTS RESTAURANTES	 PARKS PARQUES
